1. OUR SERVICES

Our website is a Central Asian portal for tourism services and offers online sales of five types of tourism products: (1) tours, (2) excursions, (3) tour guide services, (4) transfers, and (5) B2B partnerships. In the "Create your Tour" section, you can also create a personalized tour tailored to your needs and preferences.

1A. How to start using the website??

Our website is very easy to use and offers several essential services for tourists, including tours to all Central Asian countries. To find your preferred tour package, use the "Search" section, including the tour filter. All you need to know is (1) your destination, (2) the category and (3) type of tour you plan to book, and (4) how many tourists you have. Once you select these parameters in the "Search" section filter, you will see all available tours. Note that on the tour cards you will find answers to many organizational questions.

1B. Website currency

On our website, prices for all travel products are presented in the following currencies: TJS, US\$, EUR, RUB, and CNY. To change the currency, simply select the desired one from the menu. However, the site's primary currency is the Somoni (TJS)..

1C. Website language

Since our website is a regional portal and its tourism products are intended for our international guests, the primary languages are English and Russian. To change the language, simply select the desired language from the menu.

2. TOURS

Our tours are divided into 3 types: (i) **one-day**, (ii) **multi-day** and (iii) **excursions** and 15 categories: city, ecological, cultural, historical, adventure, etc., which can be selected in the "Tours" menu or filtered in the "Search" section, and they can also be selected or studied by countries and cities on the main page of the site.

Here you will need to: 1) review the online Agreement, including the partnership terms; 2) sign the Partnership Agreement (by checking the appropriate boxes); 3) complete all fields of the application form; 4) attach a scanned copy of the required documents and submit them for review.
